INTRODUCTION

Follow these step by step instructions to replace your keyboard.

TOOLS:

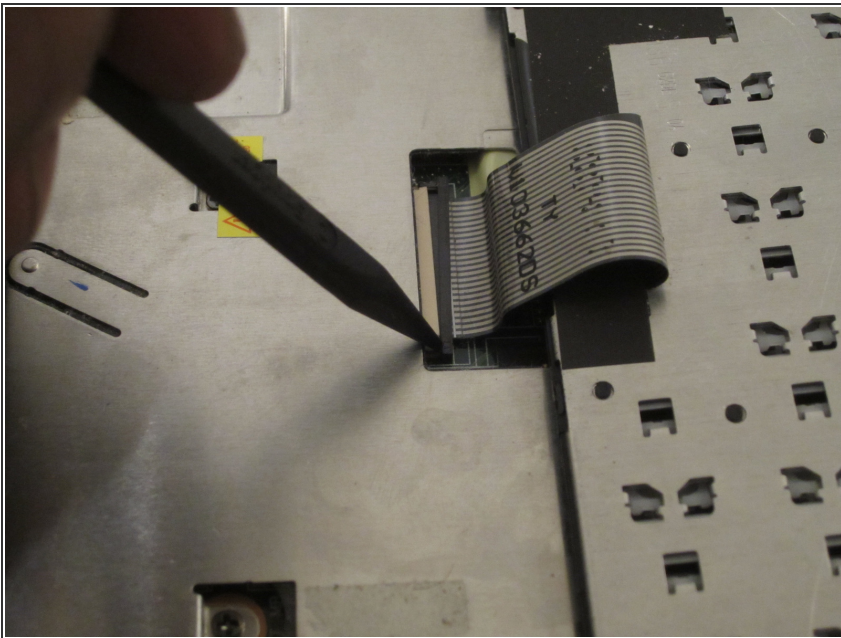

- [Spudger](#) (1)
-

Step 1 — Keyboard

- Turn the tablet over and open it up. Insert a nylon spudger into the slots above F1, F6, F10 to pry up the keyboard.

Step 2

- Once you have the keyboard out, use the nylon spudger to remove the connection. You can now replace the keyboard.

To reassemble your device, follow these instructions in reverse order.
